An elementary school is the main point of delivery of primary education in the United States, for children between the ages of 4–11 and coming between pre-kindergarten and secondary education. In 2001, there were 92,858 elementary schools (68,173 public, 24,685 private) in the United States, a figure which includes all schools that teach students from grade one through grade eight.

Ten Principles for Successful Public/Private Partnerships

This hands-on kit is an interactive set of tools designed to enhance water literacy and engage students in water conservation activities. The Water Innovation and Stewardship Education (WISE) Kit was designed with a grade 4-9 audience in mind but we know teachers are experts at adapting great resources to fit within their unique classroom situations.
