Apothecary, as a profession, could date back to 2600 BCE to ancient Babylon, which provides one of the earliest records of the practice of the apothecary. Clay tablets were found with medical texts recording symptoms, the prescriptions, and the directions for compounding it.

Apothecary - Wikipedia

A herbal is a book containing the names and descriptions of plants, usually with information on their medicinal, tonic, culinary, toxic, hallucinatory, aromatic, or magical powers, and the legends associated with them. A herbal may also classify the plants it describes, may give recipes for herbal extracts, tinctures, or potions, and sometimes include mineral and animal medicaments in addition ...
